The will be no vending at Disko Nouveaux on November 22 at The Vault (225 E. Houston St, Manhattan), but all vendors are invited to the event as festival guests.

Sponsorship: Another opportunity to support the festival is to donate to the festival **silent auction**, in which items donated by our sponsors will be on display throughout the evening for guests to bid on and raise funds for the event. This way, guests have the chance to admire the products in person, take fliers, and directly associate a product with the company. This is a popular option for sponsors who are unable to attend the event in person, but many vendors also like to contribute their signature pieces to the auction, as donated items are spotlighted on our website for increased exposure prior to the event.

Sponsors donating items to the festival silent auction are asked to email the item image and title to be featured on the website, and allow ample delivery time for the item to arrive in time for the event.

Thank you for taking part in the third annual DOV Festival! We are able to do more each year with your generous support.
